## Election of a Parent Governor at Ryefield School

The governing body is responsible for both the conduct of the school and for promoting high standards. The governing body carries out its role by setting the vision for the school and then ensuring that the school works efficiently and effectively towards achieving its vision. The governing body of our school is made up of parent governors, staff governors and community governors. A vacancy has arisen for a parent governor to take up their role in May.

Parents interested in nominating themselves as parent governors are requested to download the nomination form from the school's website, complete and return it to the Clerk to the Governors, c/o the school. Nomination forms may be typewritten or handwritten. Paper copies of the nomination form are available from the school's reception. All nominations must be seconded, and all nominated candidates and their seconders must have pupils on the school register on the closing date for receipt of nominations.

**All nominations must be received by 12noon on Friday 22<sup>nd</sup> March 2019.**

The website contains the following information relating to parent governor elections:
